

# Get Lytec with ICD-10 readiness

## *15% off upgrades for a limited time*

Are you ready for the ICD-10 changes? We can help. ICD-10 coding becomes mandatory on Oct. 1, 2014. You can prepare now and avoid the rush next year by upgrading your Lytec Practice Management software. A special pre-release promotion will allow you to receive 15% off the regular pricing, but only until Dec 31st.

- Lytec 2014 releases Dec. 16th
- Avoid cashflow disruption
- Ensure insurance payments
- Import the new ICD10 codes
- Mapping tool based on the CMS general equivalent mapping (GEM) that will translate some of your ICD9 codes to the new ICD10
- Set code version by insurance carrier for continued use of ICD9 for carriers not ready at the deadline
- Notification alert warns you if the wrong code version is used for a carrier

Lytec®  
2014

**FREE ICD-10 Webinar** The transition to ICD-10 is much more than just a system upgrade, and getting ready for it must begin long before the October 1, 2014 compliance date. Purchase Lytec 2014 today, and get access to a special, two-hour Webinar that features information on what your practice needs to do to prepare along with valuable tools to help you get started.

In this Webinar, you'll learn:

- What ICD-10 means to you
- How to prepare for the financial impact
- How to prepare yourself and your staff

*At MedPro Healthcare Technology we can help you get prepared for the coming changes and logistics of transitioning your office. \*\*\* Call today for pricing and a proposal for your practice or office. Promotional pricing ends Dec. 31st, 2013*
